SUMMARY

Motivated IT professional who has successfully completed all academic requirements and the final viva of the Higher National Diploma in Information Technology (HNDIT), with convocation pending. Gained six months of industrial training experience as a Web Developer Intern at TOYAR (Pvt) Ltd. Experienced in developing websites and web applications using HTML, CSS, JavaScript, PHP, Laravel, React, and Express.js, with practical experience in MySQL and PostgreSQL databases. A quick learner with strong teamwork, communication, problem-solving, and time-management skills, eager to learn new technologies and contribute to software development projects.

SKILLS

Skilled in web development, specialising in building user-friendly websites and web applications using modern frontend and backend technologies. Experienced in HTML, CSS, JavaScript, PHP, Laravel, React, and Express.js, with practical project experience in database management using MySQL and PostgreSQL. Familiar with WordPress and Elementor for website development and content management. Proficient in using Git and GitHub for version control, with basic knowledge of Figma and Photoshop for UI design and visual content. This technical foundation is supported by strong teamwork, communication, problem-solving, and time-management skills, with a willingness to learn new technologies and adapt to changing project requirements.

WORK EXPERIENCE

Web Developer Intern | TOYAR (Pvt) Ltd **September 2025 – March 2026**

- Contributed to the development and enhancement of business websites using WordPress and Elementor, with knowledge of HTML, CSS, and Bootstrap.
- Developed selected website sections and components, including homepages, service pages, portfolio sections, headers, footers, and product pages.
- Used Figma and Adobe Photoshop to support website design, visual content preparation, and UI planning.
- Created wireframes and contributed to Software Requirements Specification (SRS) documentation to support project planning and requirement analysis.
- Worked with Laravel, PHP, and MySQL while contributing to an internal ERP system.
- Collaborated with team members to complete assigned tasks while improving technical, communication, teamwork, and time-management skills.
